

# BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY

## Notice of Future Meetings

**BSTP 39th Annual Scientific Meeting: Developmental Pathology and Toxicology**

**Date: 14th & 15th November 2024**  
**08.45 – 17.00 (GMT+0, London/UCT+0)**

**Location: York, North Yorkshire, UK**

**REGISTRATION IS STILL OPEN!**

**Approved by the Royal Society of Biology for the purposes of CPD, this event may be counted as approximately 36 credits.**

**Approximately 11.5 hours of educational activity will be recorded on Attendance Certificates.**

Developmental toxicopathology encompasses many subjects relevant to pathologists and toxicologists including pre-natal and neonatal developmental milestones, juvenile pathology, placental pathology, animal models of diseases and treatment modalities for paediatric populations, unique endpoints relevant to study design, effects of maternal exposure to environmental contaminants, and many more. As well as giving an overview of key topics in this field, the meeting will include real-world case studies, and a discussion of the regulatory considerations associated with DART studies. Experts from key areas of the field will be attending in-person to present their material.

Full details regarding this meeting (including the programme and information on bursary/reduced registration fee opportunities and posters) are now available on the BSTP website and BSTP group LinkedIn pages – <https://www.bstp.org.uk/events/bstp-39th-annual-scientific-meeting/>

Early Registration Fee - up to 30th September 2024  
Standard Registration Fee – after 30th September 2024 onwards  
Registration closes – 8th November 2024
